To IASSID

Re: Professor Philip McCallion

It is my pleasure to write in support of the Fellowship nomination for Philip. I first came in contact with him on a visit to the USA in the mid 1980s and maintained contact with him since then. Latterly he has been a colleague on various research projects in Ireland and a Visiting Professor at our University as well as with Trinity College, Dublin.

In my judgement, he fulfils all the criteria for a Fellowship. He has undertaken a wide variety of innovative research projects nationally and internationally in the field of intellectual disability. He has accumulated an impressive list of publications including those published in journals linked with IASSID that make a significant contribution to our knowledge. He has presented at various IASSID conferences regionally and internationally. He is a gifted speaker and communicator; an exemplary ambassador for research informing practice. In sum, a person worthy of the title: Fellow.

I will gladly supply any further information you may require.

Yours sincerely

Roy McConkey BA, PhD, FIASSID
Professor of Developmental Disabilities
7 November 2011

Professor Helene Ouillette-Kuntz
Queens University
191 Portsmouth Avenue
Kingston, Ontario K7M 8A6
CANADA

RE: Philip McCallion, Ph.D., ACSW

Dear Helene,

It is my pleasure to nominate Philip McCallion, Ph.D., A.C.S.W for fellowship in IASSID. I’ve known Phil for over two decades and have collaborated with him, on many projects in the field of aging and I/DD. He is a prolific contributor to the scientific literature and an imaginative and effective leader for our field. He has also taken on leadership roles in the Aging SIRG, of which he now serves as Treasurer. I recommend him highly for this well-deserved honor. His CV is attached. I understand he has arranged for a second letter from another Fellow to be sent directly to you.

Yours truly,

Philip W. Davidson, Ph.D.,
Professor of Pediatrics, Environmental Medicine and Psychiatry
Fellow, IASSID
